

## WUSPBA Band Transfer Release Form

WUSPBA policy states that a band member who wishes to transfer from one band to another may do so once within a registration year, provided that certain conditions are met. One of these conditions is the release of the band member from his or her former band.

In accordance with policy, and to comply with the Western United States Pipe Band Association's Band Contest Rules, Part I, Section 3(h)(iii) entitled "Band Registration," the following form must be completed and submitted to the Band Registrar before a transfer will be completed.

This transfer release is in addition to any other requirements and does not imply or guarantee that a transfer will be awarded. This is simply an indication that the band member has met his or her obligations to his or her former band.
