

Band Contest Definition, Proposed by EC (Bylaws)

Article 16, Section 62.2 (Contest Rules)

Band Contests Under WUSPBA Rules: Any ~~contest~~ **competition** located within the Western United States involving pipers and drummers playing ~~in concert~~ **together** and being judged as a unit, ~~except street parades~~, shall be considered a band contest and shall be held under the rules of the Association.

Rationale: The previous version seemed confusing, defining a contest as “a contest”. The proposed version would allow for “practice competitions” to be held, which are not sanctioned, and where bands play for comments only.
