About the band:

Glendora High School Pipe Band is an award winning juvenile bagpipe ensemble. The band has been actively competing for more than 19 years. What makes this group unique is that it is one of very few competing "high school" bands in the United

States. The band competes, against primarily adult bands, having earned the Grade 4 aggregate award for best overall band in the Western United States Pipe Band Association for 2018. The students have won numerous awards throughout the western US and Canada. The band is traveling to Scotland to compete in the World Pipe Band Championships in August, 2023.
