This should now finish your registration process and you can now print off your own kilt number and membership card. The background on the membership card will not print with the number unless you have "print background colors and images" checked on the page setup.

1. click "print kilt number" from user profile

2. right click on your mouse when on the next page (should be view of kilt number)

3. click on "print preview"

4. click on the page set-up icon, mine is right next to landscape icon or you can do "ALT + U" for the shortcut.

5. check box for "print background colors and images" (I also click on the landscape box so it will print landscape rather than profile but this is optional)

6. click ok Then print. Finished!!

Steps to get back to the site later once you have registered: The following is information so that you may be able to go on the site and have access to your own account/profile. Once you login it will take you to your profile and from there you can print off your membership card and kilt number if needed. You can gain access to your profile one of two ways –

1 st www.r2sports.com, top right corner click on "R2 Sports Login", in the center of the page "Login to membership system" (it is the 3 rd red select down), and if you do not see "Western United States Pipe Band Association" at the top of this next page it should provide you with a drop down box to be able to choose it from. You are now ready to login as "Returning Users Login Below" (login info. is provided below)

2 nd From the WUSPBA website, under membership tab then to "Edit band or solo profile"
